

CRHC Preparation of Suite for Treatment of Cockroaches

Your Suite will be treated on _____ between ____ A.M. and _____ PM.

This is a **BAITING PROCESS NOT A SPRAY.**

We will need access to all kitchen / bathroom cabinets and closets

They need Not to be emptied but should be clean and tidy.

Cockroach Bait will be placed in these cabinets and other places through out the unit.

You will need to ensure all garbage is removed and properly disposed of.

Your unit must be kept clean of any alternate food sources so the bait will work.

There is no need for you to leave during this procedure.
