About Housing Works

Housing Works is a new employment and training program available to Capital Region Housing Corporation Community Housing Tenants.

We're here to help you set goals, overcome barriers to employment and plan for the future.

Supports Available

Participants will be able to access a variety of employment related resources and supports in the areas of:

- Employment and training
- Resume writing and job search skills
- Credit counseling, budgeting and financial literacy
- Landlord and tenant information
- Health and wellness
- Home Ownership

Are you ...

feeling like you can never get ahead?

struggling to make ends meet?

having to rely on others to get by?

feeling like success is something that happens to other people?

Do you want to...

have goals for the future?

have a career?

increase your income?

have the freedom to live wherever you want?

If you answered yes to any of these questions, then Housing Works is for you.

How it Works

You will be connected with an Outreach Support Worker through one of our four partner agencies. They will then assist you with creating employment related goals for the future as well as addressing any barriers to those goals.

The Outreach Support Worker will provide you with training and resources and provide encouragement while supporting you on the road to becoming self sufficient.
